

Bentley Systems to wind down business and exit the Russian market

EXTON, Pa. – (BLOG POST) – July 7, 2022 – The marked shifts in the Russian business environment and economic outlook have led us to conclude it is no longer viable for Bentley Systems to continue operations in Russia. Accordingly, we have made the decision to wind down business and exit the Russian market.

About Bentley Systems

Bentley Systems (Nasdaq: BSY) is the infrastructure engineering software company. We provide innovative software to advance the world's infrastructure – sustaining both the global economy and environment. Our industry-leading software solutions are used by professionals, and organizations of every size, for the design, construction, and operations of roads and bridges, rail and transit, water and wastewater, public works and utilities, buildings and campuses, mining, and industrial facilities. Our offerings include MicroStation-based applications for modeling and simulation, ProjectWise for project delivery, AssetWise for asset and network performance, Seequent's leading geoprofessional software portfolio, and the iTwin platform for infrastructure digital twins. Bentley Systems employs more than 4,500 colleagues and generates annual revenues of approximately \$1 billion in 186 countries. www.bentley.com
